

MT. HOREB UNITED METHODIST CHURCH

2020

ANNUAL REPORT

*Listen, dear friends, to God's truth,
bend your ears to what I tell you.
I'm chewing on the morsel of a proverb;
I'll let you in on the sweet old truths,
Stories we heard from our fathers,
counsel we learned at our mother's knee.
We're not keeping this to ourselves,
we're passing it along to the next generation—
GOD's fame and fortune,
the marvelous things He has done.*

PSALMS 78:1-4 MSG

2020 has been a challenging year for most of the world. As Mt. Horeb continues to be a lighthouse of hope and bell-tower of God's truth, we are not keeping the good news of God's fame a secret. We are passing it on to our current and next generations. Because of your incredible faithfulness and generosity during one of the most challenging years in Church history, we are strong and ready to fully reopen and make an even greater impact for the Kingdom of God. Though limited by COVID-19, Mt. Horeb never stopped serving, never stopped singing, never stopped sharing the love of God and we never stopped sending financial support to our local and global partners. When we testify to God's faithfulness and the commitment of His Church, God is glorified and people are drawn to His presence. I cannot wait to see all of you in worship soon!

To God be the glory; great things He is doing!

Jeff Kersey

Senior Pastor

PRODUCTION

In March 2020, COVID -19 numbers began to rise exponentially. Concerned with the safety of our congregation and following CDC guidelines, we chose to close our doors to any on-campus activities, including Sunday services.

Our Production and Worship Teams quickly set out to bring Church into our homes in a newer, more personal way. Our Staff and a few volunteers came to the church each week to setup, film and edit each week's service during quarantine.

We're thankful for these teams and their volunteers who allowed us to remain engaged while online.

COVID SERVICE FILE SIZES

MARCH 22 | TOTAL = 532 GB

MARCH 29 | TOTAL = 507 GB

APRIL 5 | TOTAL = 779 GB

APRIL 12 | TOTAL = 1.43 TB

APRIL 19 | TOTAL = 419 GB

APRIL 26 | TOTAL = 442 GB

MAY 3 | TOTAL = 402 GB

MAY 10 | TOTAL = 356 GB

MAY 17 | TOTAL = 267 GB

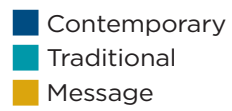

MAY 24 | TOTAL = 320 GB

MAY 31 | TOTAL = 338 GB

JUNE 7 | TOTAL = 547 GB

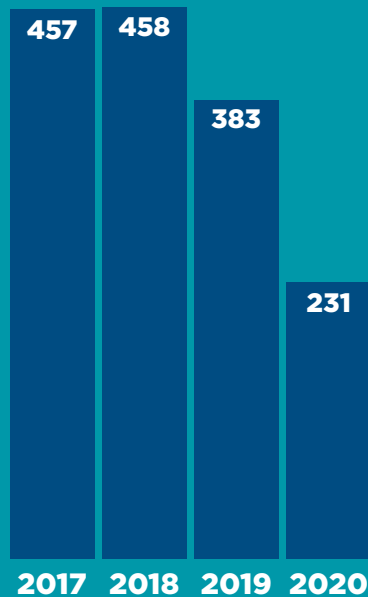

Easter fell on April 12, 2020. We set out to do something a little different since we were online only, and chose to shoot the Message and Contemporary's Worship all outside. There were an additional two cameras for this shoot, resulting in the largest amount of file storage used during these 12 weeks.

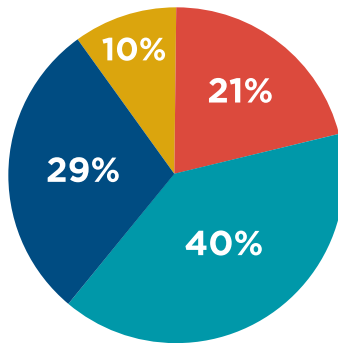

FUN FACT:
A TYPICAL SUNDAY
USES 160-190 GIGABYTES
PER VENUE FOR VIDEO.

With 2020 being a radically different year, we took some time in May to travel around to **seven middle schools** and **five high schools** in our school district to pray for students who had been out of school since March. We were hearing from our families, friends and church members in the schools that this was a very difficult time for students. We prayed for our teachers, students and families, that they would know God was still at work in their lives, even in these uncertain times.
